July 7, 1954

Dr. E. H. Plesset
 Chief, Nuclear Energy Division
 The RAND Corporation
 1700 Main Street
 Santa Monica, California

BEST COPY AVAILABLE

Dear Ernie:

Thanks for your note of July 1 informing us that

Dr. Rapp will be in town next week to brief members
 of the Air Force staff.

I see no reason why we need a pre-view, but at least
 one of us will try to attend one of his lectures --
 this time as a free-loader!

Yours very truly,

Walter D. Claus
 Chief, Biophysics Branch
 Division of Biology and Medicine
